For the extent and peculiarity of its medicinal virtues, however, the reader is referred to a work on "The Mineral Springs of western Virginia," by Wm. Burke, to be had at Wiley & Putnam's. The object of this advertisement is to say that arrangements are made to accommodate visiters in the most comfortable manner, and that they will be treated with uniform courtesy and kindsess, while the charges will be found as moderate as at the most moderate of the springs. There will be a respectable physician in attendance. The roads are in good order, and the beautiful Turnpike Road to the Blue Sulphur will have stages upon it plying between the two Springs, which will afford an opportunity of visiting, in a week, all the Springs of Western Virginia.

BON SEJOUR.

THE SUBSCRIBER has the pleasure to announce that I his house, at Bergen Point, is now open for public accommodation. A hotel on the Jersey side has long been a desideratum which is now supplied. The house (the old Me lany mansion) has been re-fitted in elegant atyle, with many new rooms and other important additions.

The grounds are beautifully laid out, and what with luxuriant shrubbery, charming walks, agreeable drives, and pleasant boating, the place will challenge competition with any tural residence. Families who wish to pass a cool and quiet summer, can be provided with rooms or suits of apartments at their choice. Fish of almost every variety abound in the "Kills," and the neighboring woods are not deficient in game. The steamer Passaic, plying between New York and Newark, stops at the landing, in front of the house, four times a day, and the citizens of New York cannot find a more, beautiful drive than that between Jersey City and Bergen Point.

In fine, all visiters, customers and boarders, may be assured that no pains will be spared to make the place merit the title given it of old—Bon Sejour.

The Passaic, for Newark, leaves the foot of Barelay street at 16.4 M. and 4 P. M., landing in front of the above place.

The Fort Richmond boat leaves pier No. 1 at 2, 12, 35, and 6 o'clock. At Fort Richmond there will be boats in stiend-ance to convey passengers, and land them at the house.

MEDICAL AID.—REMOVAL.

DR. GREGORY has removed from Gold street, to 3 Roosevelt, one door from Chatham street, where he may be consulted confidentially, as usual, at all hours.

"There are few, if any, medical men among us, that know better how to manage those difficult and delicate disorders, which strangers are liable to contract while visiting our city." Dr. G. has published a treatise upon secret habits and diseases, called the "Rubicon"—it is intended for the use of patients of either sex. It not only treats of curing diseases, but what is much better, it points out clearly the means of preventing those foul disorders, at which human nature shudders to think of. On this account alone, the book is worth more than all other publications of the kind. It is sold by the author, as above. Frice 50 cents.

To To females, this little book will prove a friendly and confidential adviser. It is also for sale at the following drug stores:—

weight and distention following, with belching up of wind and raising up a strong, sour fluid into the throat. My nights were restless; my sleep disturbed with unnatural and painful dreams. I would rise unrefireabed, feverish, extremely thristy and with the tongue furred. My bowels were not regular—generally very coative, but occasionally suffering from diarrhose. And there was a tenderness at the pit of my stomach, with such a gnawing, burning sensation there, as, at times, to drive me almost distracted. A dry, tickling cough troubled me very much, and my multiplied difficulties appeared to be tending rapidly to Consumption.

"Different physicians attended me, and i made use of many remedies, both external and internal; but I did not obtain any insting benefit from any of them. Now and then I would mend a little. The relief, however, was only temporary—for I kept getting gradully worse and worse. Severe headaches, palpitations of the heart, soundings in the ear, giddiness, numbures of the finger, great languor, extreme sensibility to cold, shifting sensations of soreness about the apleen and liver, pains in my chest, with an oppressive sense of tightness across it, pains shooting up and darting through into my shoulders; chilliness followed by heat of the skin, and particularly a dryness and buruing sensation in the palms of the hands and soles of the feet all combined to afflict me, waste away my bodily powers, and completely dishearten me. In this way, year after year rolled slowly by. My life was one dull scene of bitter suffering and melancholy.

"Some months since I obtained one of Beerman's Treatises on the Character and Cure of Consumption, Colds, Conghs, Diseases of the Lungs, Liver Complaint, Dysapepsia, &c." I determined of carefully pursusing it, to make a thorough trial of BEEKMAN'S SYRUP. Its effects upon me were peculiar and immediate, and most beneficial. It seemed to spread throughout my whole system, acting upon me were peculiar and immediate, and most beneficial. It seemed to spread throughou

moist, my nerves steady, and, in a word, I am entirely restored to sound health.

"I do solemaly believe that if I had not taken Beekman's Syrup at the time and in the manner I did, I should have been in my grave.

"I should not omit toway, that I made use of Dr. Beekman's Ebekman's Manual thorough manner, to keep the stomach and bowels free from those obstructions which, in my weak state, were at times so difficult to overcome.

"My oldest daughter, about twenty years of age, who has been greatly afflicted for some time with the liver complaint and Dyspepsia, extending to affectious of the Kidneys and Spine, is now taking Brekman's Sykur and Pills, and is repidly recovering her basth.

ATLANTIC WHITE LEAD.

THE ATLANTIC WHITE LEAD COMPANY having completed their Works, are now ready to execute orders for pure White Lead, both Dry and Ground in Oil, to almost any extent that may be wanted. The Company have spared no expense in the erection of the Works which would tend, in the least degree, to the improvement of the Lead, having availed themselves of every modern improvement for that purpose.

in the least degree, to the improvement of the Lead, having availed themselves of every modern improvement for that purpose.

Being well aware, from one long familiarity with the different leads sold in our market, that by far the greater proportion sold as such has been, and atil is greatly dudlerated with Barytea, an article of mineral production, much heavier than White Lead, and in itself possessing no virtue of any pigment whatever, it being, when mixed with oil, almost transparent, and in fact, having nothing but its specific weight to recommend it, the Trustees of the Atlantic White Lead Company have passed, unanimously, the following resolution, virs——"Resolved, That in view of munifacturing only a prime article, the Atlantic White Lead Company will make but one quality of White Lead, both Bry and Ground in Oil; that to be a strictly pure, genine article, and perfectly free from any such to all who may purchase their Lead.

Furchasers, therefore, may be well assued that every dependence may be placed in the purity of every pound of White Lead manufactured and sold by the Company, which pureuess will not only tend to the greater durability of the Paint, but will be found much more economical in its use, even in the most common description of painting, owing to the body or covering quality it possesses, thereby giving a fur better inish with two coats, than the adulterated White Paint, bould with three, of which every painter will bear witness.

The Company also manufacture Red Lead and Litharge,

better finish with two coats, than the adulterated White Paint would with three, of which every painter will bear witness.

The Company also manufacture Red Lead and Litharge, and have for sale a variety of Paints Ground in Oil, viz:-Vardigris, Black Paint, Yellow Ochre, Spanish Brown, Paris Green, Strauswick Green, Sc., &c., &c.

Having been appointed General Agents for the Company, all orders should be directed to us.
